

Ti-Pure™
Titanium Dioxide

CONEG and Ti-Pure™ Titanium Dioxide Pigment

Ti-Pure™ titanium dioxide pigments do not include any lead, cadmium, mercury, or hexavalent chromium which have intentionally been introduced as elements during manufacturing by Chemours as opposed to the incidental presence of any of these elements, and the sum of the concentration levels of lead, cadmium, mercury and hexavalent chromium present in the product does not exceed the level of 100 parts per million by weight (0.01%). As such, Ti-Pure™ titanium dioxide pigments

are consistent with metals requirements called for in the Model Toxics in Packaging Legislation as drafted by CONEG (Coalition of Northeastern Governors), as well as EU Directive 94/62/EC and the California Toxics in Packaging Prevention Act 25214.13.

CAUTION: Do not use Chemours materials in medical applications involving permanent implantation in the human body or contact with bodily fluids or tissues, unless the material has been provided from Chemours under a written contract that is consistent with Chemours policy regarding medical applications and expressly acknowledges the contemplated use. For further information, please contact your Chemours representative.

For medical emergencies, spills, or other critical situations, call (844) 773-2436 within the United States. For those outside of the United States, call (302) 773-1000. The information set forth herein is furnished free of charge and based on technical data that Chemours believes to be reliable. It is intended for use by persons having technical skill, at their own discretion and risk. The handling precaution information contained herein is given with the understanding that those using it will satisfy themselves that their particular conditions of use present no health or safety hazards. Because conditions of product use are outside our control, Chemours makes no warranties, express or implied, and assumes no liability in connection with any use of this information. As with any material, evaluation of any compound under end-use conditions prior to specification is essential. Nothing herein is to be taken as a license to operate under or a recommendation to infringe any patents.

NO PART OF THIS MATERIAL MAY BE REPRODUCED, STORED IN A RETRIEVAL SYSTEM OR TRANSMITTED IN ANY FORM OR BY ANY MEANS ELECTRONIC, MECHANICAL, PHOTOCOPYING, RECORDING OR OTHERWISE WITHOUT THE PRIOR WRITTEN PERMISSION OF CHEMOURS.
