

An innovative e-commerce solution that's focused on you

Ti-Pure™ Flex is an online e-commerce solution designed to meet the needs of TiO₂ buyers looking for maximum flexibility without contracts or long-term commitments. Order acceptance is based on available supply and you can visit the portal to access the Ti-Pure™ catalog, review current pricing and lead times, and place orders at your convenience.

E-commerce doesn't mean you have to go it alone. You can use the new chat feature on the site or reach out to our customer service team. We are here to support you every step of the way.
